

**AMENDMENTS TO THE CLAIMS**

1-7(withdrawn)

8 (currently amended) A pharmaceutical composition comprising a protein useful for treating a lysosomal storage disorder other than Fabry disease that is selectively imported into macrophages when administered to a subject and a pharmaceutically acceptable carrier, wherein said protein is produced in an insect cell culture and is selected from the group consisting of acid  $\alpha$ -1,4 glucosidase, acid  $\alpha$ -1,6 glucosidase,  $\beta$ -galactosidase,  $\beta$ -hexosaminidase A, GM<sub>2</sub> Activator Protein,  $\beta$ -hexosaminidase A,  $\beta$ -hexosaminidase B, glucocerebrosidase,  $\beta$ -glucosidase, galactosylcerebrosidase, acid sphingomyelinase, acid ceramidase, acid lipase,  $\alpha$ -L-iduronidase, iduronate sulfatase,  $\alpha$ -N-acetylglucosaminidase, acetyl-CoA-glucosaminide acetyltransferase, N-acetylglucosamine-6-sulfatase, galactosamine-6-sulfatase, arylsulfatase B,  $\beta$ -glucuronidase, arylsulfatase A, arylsulfatase C,  $\alpha$ -Neuraminidase, UDP GlcNAc:lysosomal-enzyme N-acetylglucosamine-1-phosphotransferase, neuraminidase,  $\alpha$ -mannosidase,  $\beta$ -mannosidase,  $\alpha$ -L-fucosidase, N-aspartyl- $\beta$ -glucosaminidase, protective protein/cathepsin A (PPCA),  $\alpha$ -N-acetylgalactosaminidase, cystine transport protein, sialic acid transport protein, palmitoyl-protein thioesterase, and Saposins A-D.

9 (Previously presented) The composition of claim 8 wherein said lysosomal storage disorder is Galactosialidosis.

10 (Previously presented) The composition of claim 8 wherein said protein is protective protein/cathepsin A (PPCA).

11 (original) The composition of claim 8 wherein said insect cell culture comprises cells derived from the species selected from the group consisting of *Spodoptera frugiperda* and *Trichoplusia ni*.

12 (original) The composition of claim 11 wherein said cells are *Spodoptera frugiperda* Sf9 cells.

13 (original) The composition of claim 8 wherein said protein is produced in the cell culture using a baculovirus expression system.

14-20 (withdrawn).
